ANNEXATION WOULD NOT CHANGE LINES SCHOOL BOUNDARY

Such Is Opinion of District Attorney Mussell After Consulting Code

HEARING NEXT MONDAY

Estimated 50 Per Cent Eligible Voters' Names on Petition Asking Annexation

The school district boundaries would not be changed if the district in the north section of Ontario seeking annexation to the city of Upland voted to become a part of this city.

This is the ruling given The Upland News by District Attorney Stanley Mussell after he made a study of the school code of the state of California yesterday afternoon. This fact is of special interest to some residents of the district asking an election to vote on the proposition to join the city of Upland, as some are nearer an Ontario school than an Upland school. It is also said that a number of names were secured on a counter petition because it was thought school district boundaries would be affected in case of a favorable vote to come into Upland. District Attorney Mussell also stated school district boundaries could be changed at a later date if rseidents of the district desired a change.

Walter Combs, deputy clerk of the district court in charge of the county election department, gave it as his opinion that the 135 names on the petition asking for an eletcion is practically 50 per cent of the eligible registered voters in the district at this time. A check of the district would be necessary to obtain the definite number. Prior to the recent election there were a maximum of 363 or a minimum of 357. Mr. Combs stated that in all probability this number would now be reduced to about 273, as about 25 per cent are checked off the registration list after an election on account of being ineligible voters because they did not vote at the previous primary or general election. Most of these ineligibles, said Mr. Combs, are usually people who have moved from the precinct. However, it is probable that another registration would be held prior to the date set for an election on the proposition.

Mr. Combs also informed us that the city of Upland cast the largest per cent of its registration at the late election of any district in the county, this being 78.73 per cent.

Hearing on the peution of those seeking annexation is set for next Monday by the board of supervisors. The counter petition had not been filed yesterday afternoon, we were told.

Upland citizens are delighted that residents of the district are asking to come back into the city of which they were formerly a part.

Visit to Boulder Dam Are Enjoyed

Mr. and Mrs. Miles Harnly, Mrs. R. C. Stone and her son, Robert S. Stone, returned Wednesday evening from a two days trip to Boulder dam and declare their visit to the great construction project was one of the big thrills of their lives.

Leaving Upland early Tuesday morning, they reached Boulder City in the early afternoon and visited the dam site, going down into Black canyon. However, in these short days the canyon grows dark quite early and it was difficult to see all of the construction. The night was spent in Las Vegas and early Wednesday a second trip was made to the dam and into Black canyon, where the visitors obtained impressive views of the mammoth construction and gained much information about the progress of the work.

The weather was perfect on the desert and the entire trip was greatly enjoyed.

Mr. and Mrs. Paul R. Daggs, 470 First avenue, will have as their Christmas guests Mr. Daggs' mother, Mrs. Annie L. Daggs, of Claremont, and Mrs. Daggs' mother, Mrs. J. W. Ballard of Carpenteria.

The News Will Be Issued on Monday

Next issue of The Upland News will be Monday rather than Tuesday. Change in publication day is made due to Christmas coming on Tuesday. The News and other local business firms will be closed for the holiday.

In The News of Monday will be Christmas greetings from many local concerns. Also in the paper will be accounts of family gatherings to be held on the holiday.

Palms Available As Trees Ordered Out

Someone can have several big palm trees. Mrs. W. H. Tuttle asked the city council to remove trees from a grove on West Twenty-first street. It is the policy to grant permission to remove trees from the citrus section.

It is possible for the trees to be transplanted. Godfrey Andreas, councilman, told of successfully transplanting many of them. Persons wanting to get the trees may obtain information from Richard G. Manley, city service manager.

PARCELS TAKING CHEER TO MANY

Mail Going Out and Coming In In Big Quantity As Holiday Nears

Thousands of parcels carrying good cheer and holiday greetings from Uplanders have ben mailed at the local post office this week.

That Santa Claus is also coming to local people through the mails is shown by the amount of mail being received on every train. Arrival of Christmas percels is slower than anticipated but local postal employes are delivering it in record time.

Every effort will be made to get all packages arriving before Christmas delivered by Monday afternoon. There will be no mail deliveries on Christmas day.

Members of the postal department expressed appreciation for the cooperation given by the public.

Five Arrested After Wreck Facing Petty Theft Charges Today

One automobile accident early last night badly damaged an automobile and resulted in five persons being arrested. The crash occurred at Eighth street and Grove avenue at 5 p. m. The arrests were made at 8 p. m. There was no connection between the accident and the arrests, however.

Donato Guzman, Chino, driver of the damaged car, with Officer Frank Freman returned to the scene of the accident at 8 p. m. As they approached the wreck, five persons scampered into the darkness, heading toward their own car nearby. The wrecked auto had been stripped of almost everything from the horn to the spare tire. Those arrested are Adam Moraga, Fred Romero, Tony Herrera, Primo Leruna and Raumond Marquez, all Mexicans of Ontario. They were to face Judge James Sharp, Cucamonga, today on charges of taking parts from the car.

Miss Virginia Musser was the driver of the other car figuring in the accident.

New Red Hill House Sold to Ontarions

Mr. and Mrs. Ben Castellini, 526 North Campus avenue, Ontario, are today preparing to join the West End's most popular new residential section. They have purchased the seven room Monterey type house on Red Hill, recently constructed by Martin Derfer. The new owners will occupy the property immediately.

Located on the eastern portion of the Red Hill Estates, the new residence affords beautiful views from all directions. In building the property, Mr. Derfer included all modern conveniences and features and the house is looked upon as a model in arrangement of rooms, and in utilizing all the space.

The residence was constructed as an investment, Mr. Derfer residing just opposite the house sold to the Ontario couple.

NEW MUSIC LEADER NAMED TO SUCCEED FRED WILDING, JR.

Murray Owen of Tamalpais Is Engaged to Teach Band and Orchestra

FRENCH TEACHER NAMED

New Director To Come in Sept. With Charles Jones to Serve at Present

Murray Owen is today scheduled to be the new head of the instrumental music department at Chaffey high school and junior college. He has been chosen to succeed the late Fred Wilding, Jr. Mr. Owen is at present in charge of the instrumental music at Tamalpais and is recognized as one of the state's outstanding band and orchestra leaders.

He will assume his duties with the beginning of the 1935-36 school year. To serve until that time, Charles Jones, recently arriving here from the Eastman School of Music in the east, has been tentatively engaged. He is a former student of the College of the Pacific.

These appointments and one other one were announced today by Gardiner W. Spring, Chaffey president. Dr. L. Gardner Miller is a new French teacher, succeeding Mrs. Elizabeth Woody Hoskyn, who has resigned to reside in northern California.

Dr. Miller is a recent graduate of the University of Strausseberg, France. In addition to winning his doctor's degree in France, he won a French wife. Dr. and Mrs. Miller and their nine months old son have arrived here. He will begin teaching Jan. 2. Before going to France, Dr. Miller was a student at Stanford unieversity.

Very able successors to carry on the instrumental department at the Chaffey institutions have been obtained in the opinion of Mr. Spring. Mr. Owen's title will be that of head of the instrumental music department.

Mr. Owen is a former instructor of the College of the Pacific and of the Los Angeles Teachers college and in other high schools in the state. He is widely experienced in organizing bands and orchestras among students and his record is unusually outstanding, the Chaffey head said.

Mr. Jones' appointment will be temporary for the present, with a possibility of him being engaged later to assist Mr. Owens

$250 IS LICENSE FOR LIQUOR FIRMS

New Schedule of Fees Adopted As Changes Take Effect in Law

Firms selling liquor in Upland will have to pay an annual fee of $250 a year, as the result of a schedule of licenses adopted by the state board of equalization. All liquor dealers in cities of 20,000 population and less and in all unincorporated areas, will have to pay the $250 fee, which is the minimum in the schedule.

Meeting in Sacramento this week the equalization board adopted the schedule, effective Jan. 1.

The new liquor law, voted as amendment No. 2 at the November election went into effect last night. The law permits sale of hard liquors by the drink at restaurants.

Since the sale of alcoholic beverages became effective Dec. 5, 1933, sum of $821.14 has been paid in liquor taxes and fees by local liquor dispensers. Of this sum, $346.87 has been returned by the state board of equalization to the city.

Andreas Given Leave As Local Councilman

Godfrey A. Andreas will be absent from city council meetings for an indefinite period early in 1935. He will be in attendance at the state legislature as an assemblyman from this district. Mr. Andreas was given a leave of absence by his fellow councilmen last night.

Mr. Andreas is proposing to obtain water conservation funds.

Chaffey Plays in "Big Time" Games

* * * *

Southland Grid Honors Is at Stake

Big time competition for Chaffey high school's football eleven on a field that has seen many "big time" games will come in the Los Angeles Coliseum at 2 o'clock tomorrow.

Championship of Southern California is at stake in the game with the Long Beach eleven. Los Angeles sport writers have given Chaffey little consideration. Long Beach players' age is slightly older than the Chaffey men. The Jack Rabbits record looks good.

What Chaffey has to present, however, is looked upon as the greatest aggregation ever organized. Unlike some powerful teams the Chaffey eleven does not have just one or two outstanding players. As a unit the team plays smoothly with the front line clicking marvelously in opening up holes and in charging.

All the "big time" atmosphere incidental to the collegiate games will be present tomorrow. Ten thousand people or more will be present as the two undefeated elevens face each other. In their respective leagues and districts the two teams are the cream of all the Southern California schools.

It's the first year in nearly a score of years that Chaffey has gained a place in the southland finals. The Tigers appeared to be just another team in the first few weeks. Soon, however, Coach Mitchell had the eleven title bound. After winning the Citrus Belt League, the Tigers turned back Colton and Pasadena Muir Tech to win the right to play for the southland title.

COSTS OF STREET REPAIRS LISTED

$5,756.45 Spent on Six Arteries—Draper Presided—Reservoirs Ready

This city has spent $5,756.45 in improving six arteries in the residential and citrus areas, but before the street improvement program will go further, the city council will get an order from the state highway department.

As its share of the state gasoline tax, Upland was last year allotted $3950. A similar sum, or perhaps more, will be allotted Upland every two years. If the city can spend the money in advance, receiving a credit on its account, the work will be continued. If a credit is not allowed the improvements will be delayed until further gas tax money is available.

Richard G. Manley, city service manager, explained the situation at the meeting of the Upland council last night. He listed the streets already improved and the cost for each. Many other streets are included in the program of improvement.

The streets oiled and the costs follow: Fourteenth street, Euclid avenue east, $742.44; Palm avenue, Ninth street to Arrow highway, $542.76; Sixth avenue, Ninth street south, $290.29; Fifteenth street, Euclid to Mountain avenue, $2305.04; Thirteenth street, San Antonio to Mountain avenue, $1319.47, and Ninth avenue, Arrow highway to F street, $556.45.

Fred E. Draper became mayor for the evening as the council opened without Mayor P. H. McQuillen, ill at his home. Mr. Draper was chosen by the group to sit in the mayor's chair.

Construction of the city's two water reservoirs is nearing completion and Mr. Manley invited the council to inspect them. A date early in January was tentatively chosen for the group to see the improvements.

Faith in the council was expressed by L. R. Bradley and J. B. Leaman. They were at the meeting to express themselves as favorable to the retention of Judge George R. Crane as city judge.

Ray R. Ford, local gasoline distributor, appeared in the interests of obtaining a contract to sell the city fuel for the trucks and autos.

A request for permission to place a service club sign on Euclid avenue at Foothill boulevard was referred to the city planning commission. The proposed sign would bear dates and time of meetings of Rotary, Lions and 20-30 clubs.

This meeting was the last one of 1934.

ROUTE OF POWER LINE IS OPPOSED

Communities West of Upland in Plea to Change Poles to Southern Area

Residents west of Upland are very active in protesting the route of a power line which is to be built by the Los Angeles bureau of power and light. The route, it is said, is through some of the most valuable residential property in Southern California.

Upland property owners are interested in the effect of the proposed line but active leadership against placing of the power line is in Claremont and other communities west of Upland.

The line would cross the desert from Boulder dam and be carried through Cajon pass, thence generally westward along the foothills north of Alta Loma, Upland, Claremont, Pomona, La Verne and San Dimas, ending up in the southern part of Los Angeles.

Eight hollow copper wires, each one and one-quarter inch in diameter, will be strung from steel towers 144 feet high and spaced 900 feet apart. The right-of-way, 120 feet wide would be cleared of trees, shrubbery and buildings, making a denuded gash across the area. This strip, with its steel towers and its overhead wires carrying what is expected to be the heaviest load of electricity ever transmitted over such a line, would pass about 400 feet south of Olive hill in Padua hills, west of Upland, about a half-mile north of Webb school and through an area in that vicinity in which many large homes are located.

As an alternate route, the leaders in the movement suggest that since the line must go to the south of Los Angeles it be taken south or southwest from Lytle canyon, through the less valuable acreage and westward south of Chino, along the same route as the Edison company transmission line.

Meetings or persons interested have been held in Claremont and in other communities and appeals have been made to Chief Engineer Scattergood of the bureau of light and power to adopt the more southern route, which is reported to be only three or four miles longer.

Placing of the line through the Upland district presents no apparent disadvantages to this community. The proposed route through here is north of Twenty-fifth street. The city, however, has been requested to grant the bureau additional right-of-way concessions. Due to the agitation against the route west of here, the local council may refuse to grant the requests from

Upland Stores Ready to Serve In Last Minute Shopping Rush

With only two more shopping days remaining prior to Christmas, emphasis is placed on the fact that Upland stores are today in a better condition than in many years to serve last minute buyers.

Local stores handle a variety of merchandise and their stock is sufficient to win the consideration of local people, it is pointed out. Stores will remain open tonight, tomorrow night and Monday night.

Business so far this month is reported to be better than during the similar period a year ago. Buying has been more brisk which is an indication of improved business in general.

With dry goods, women's apparel, men's supplies, electrical goods, toys, radios and all other holiday lines, Upland stores are prepared to serve customers prior to the holiday. Upland stores are basing their appeal for business on their fair prices, courteous service and variety of selection.

CLUBS EXEMPLIFY YULETIDE SPIRIT

Pomona Clergyman Praises Work of Service Group At Lions Meeting

Christmas spirit is exemplified through the service clubs' giving to the under privileged children and through interest in the unfortunates, Rev. Bertram Warren, Episcopalian rector of Pomona, said in addressing the Upland Lions club in Red Hill Country club house yesterday noon.

His general topic was the meaning of Christmas and the value of the "giving spirit." In general he paid high tribute to the service clubs for their participation in projects that benefitted the unfortunate. He said also the fellowship developed among the club members was an important social aspect.

Dr. Bert Foster, St. Mark's rector, was program chairman. Dr. Foster also appeared as a singer, he being a member of a quartet, which also included Dr. and Mrs. A. J. Colgan and Mrs. George Gregg. The group sang a Christmas song. Dr. Colgan also appeared in solos. Other visitors at the meeting were Harl Phelps and Don Vowles, the latter being local manager of J. B. Draper & Co. and president of the Ontario Lions club.

Club members exchanged gifts, with employes of Red Hill Country club dining room also being remembered.

On Jan. 3, the Upland and Ontario Lions clubs will meet jointly in Red Hill Country club house and entertain the Chaffey football team and coaching staff. Mr. Vowles and President Glenn Atwood of Upland will be in charge.

Map Shows Data on All Wells in Area

Data on every water well in the Chino basin is on file in this city's office. It was prepared by the Chino Basin Protective Association, with the city and the San Antonio Water Co. local members. The association exists to protect water rights and to prohibit transportation and to prohibit the basin.

Believing a large map showing location of the wells would be of interest to local people, Richard G. Manley, city service manager, said the map may be seen at the city's office.

Tickets for Chaffey Game On Sale Here

Tickets for the Chaffey-Long Beach football game may be obtained at the office of the Upland chamber of commerce. The ducats are 25 cents for students and 50 cents for adults.

ALTA LOMA RANCH CHANGES OWNERS

W. J. Parsons Sells Beautiful Home—Family Will Move to Hollywood Soon

Mr. and Mrs. W. J. Parsons, who have owned and resided on what is known as the Rubyet ranch, on North Hellman avenue, Alta Loma, for six or seven years, have sold the property to G. G. Larfield of Hollywood. The Parsons property consists of 20 acres of lemons and oranges and a wonderful 12 room residence, situated in one of the most beautiful settings of this district.

In the deal the Parsons take in exchange the beautiful home of Mr. and Mrs. Larfield in the exclusive Hollywoodland district of the film capital, a residence in Venice and some choice residential lots in the Chevy Chase district in Glendale, together with a cash consideration.

The regrettable part of the deal for the people of this community is that the Parsons family will move to their new possession in Hollywood. However, the Larfields will move to their new property in Alta Loma. Mr. Larfield is a retired building contractor.

The deal was made through H. F. Naisbitt of Upland and Mr. Angold of the Security Bond and Mortgage Co. of Pomona.

Public Invited to Christmas Vespers Sunday Afternoon

A candle-light vesper service held at 4:30 Sunday afternoon at the Presbyterian church will be the feature of the spiritual observance of the day at that church. Planned as a friendly, unostentatious service, the program of Christmas music as presented by the choir is expected to be an inspiration and a source of joy for those who attend.

The choir will be directed by Cortwright Hunter, and he and Mrs. Hunter, both of whom possess beautiful voices, will be the soloists.

Mrs. Earl H. Johnson will preside at the organ, an announcement that is sufficient to draw a large attendance.

The vespers come at an hour when there are few other meetings being held and a cordial invitation is extended to the public to attend and enjoy the Christmas music.

"Money, Money" Will Be Presented Friday

T. M. NICHOLS TO RETIRE AS SANTA FE AGENT DEC. 31

40 Years' Service Will Come To End As Veteran Resigns

SUCCESSOR NOT NAMED

Here Since 1905, Official Active in Betterment of Community

Tom Nichols is going to retire.

Local agent for the Santa Fe since 1905 and a Santa Fe employe 10 years prior to that time, the 72 year Uplander will on Dec. 31 bring to a close 40 years of service with this city's main line railroad.

His retirement brings to him mingled feelings of joy and sadness. His life of the future will be easier and more free. He will miss, however, the numerous friendly contacts and relationships he enjoys with many business firms, citrus association officials and other residents. Executive officials of the Santa Fe are of the friendly type and Mr. Nichols has enjoyed years of close relationship with his superiors and with others in his office here.

In his home, 393 First avenue, last night, Mr. Nichols told of his plans to retire. Feelingly, he related experiences with his associates. He fondly fumbled a letter which one of the Santa Fe executives wrote to him in response to Mr. Nichols' letter of resignation.

It is the friends that have meant most to Mr. Nichols and in leaving his job he is leaving close contact with those people he enjovs working with daily.

And so, in a little more than a week, the civic worker, the active church member and good citizen will leave his office for the last time.

In Etiwanda, 40 years ago, he began his service with the Santa Fe as relief operator. San Bernardino was the scene of his work for a short time later, also as a relief operator. Soon, he was transferred to the Los Angeles general office as an operator. After another promotion and a change or two he was sent to Santa Ana as chief clerk. That was in 1895. Ten years later he came to Upland as agent.

April 1, 1905, marked the beginning of his services here. In Upland he has done more than merely efficiently administer the duties of his poistion. He has also taken an active part in the community and has done what he could to advance it.

His successor has not been named.

Mr. Nichols is the second Santa Fe employe to join the retired list here. John L. Short, an operator for years, retired a little more than a year ago.

Mr. Nichols warmly commended Mr. Short. For 28 years they worked together and he spoke exceedingly high of Mr. Short's spirit of cooperation and association. Mr. Nichols also spoke highly of Claude Baird, chief clerk for 14 years at the Santa Fe depot here. The two operators, C. I. Shields and E. R. Solberg, were also commended for their loyal service.

Grier Proposes Plan for Road Maintenance

If a program proposed by Supervisor C. E. Grier is realized, state and county highways going through cities will be maintained entirely by state and county funds, instead of city funds.

Mr. Grier presented the proposal in Sacramento this week at a meeting of officials of the California League of Municipalities, the California Association of County Supervisors, the state chamber of commerce and the state highway commission.

Efforts were made by the League of Municipalities to obtain for the cities a larger share of the state gas tax. When a deadlock appeared in the proceedings, Mr. Grier suggested that the state and county maintain their own highways inside cities as well as in the unincorporated areas. Some arteries are designated as state highways and others as county highways.

Cities at present get one-fourth of a cent per gallon tax, the state highways, 1¾ cents, and the county ½ of a cent.

How's Your Christmas Spirit?

Christmas—like they used to say about prosperity—is just around the corner. But the dying beat of the wings of old 1934 assures us that Christmas is just about here—as well as the New Year.

Let's make Christmas this year a happy one. Let's forget—as far as possible—the trials and tribulations of the year. For it really hasn't been such a tough old year as we expected it would be—especially when you bring back in your memory several years that have preceded it. The good old United States of America has weathered a great many bad storms—and we're emerging from our depression, even though it's the worst Uncle Sam's big family has ever known. The mere fact that 1934 has been a better year than those which immediately preceded it is heartening for the future.

So let's make this a happy Christmas for everyone we can—particularly for the children. Those youngsters know there is a Santa Claus—just as you knew it when you were their age. You believed in the patron saint of the Yule with an implicit confidence that nothing could shake. You met the smile of the scoffer with your superior knowledge—and you were happy in the thought that there was really a Santa Claus. You knew in your tender years that there was a living, breathing Santa Claus. This year there are thousands of youngsters who have the same confidence in him. They have the same confidence—as did you—that he is going to come soon and that he will remember them with gifts that will make them happy.

We can't afford to disappoint these youngsters. It will cost something to see that they get some gifts—but what can you think of that does not cost money? In Upland toys are being collected and repaired to insure Santa Claus making a visit to children who may be less fortunate than yours. Even the SERA is manufacturing and repairing toys—and on Christmas morning there are going to be many eyes sparkle when they find some of the handiwork of Santa's assistants awaiting them in the early hours of the dawning of that glorious day.

There is every evidence that there is going to be more happiness this Christmas than last—it is apparent before that day arrives. Gift buying is being done in larger volume than for several years. Slowly but surely the morale of the people is emerging from the depths to which it sunk during the darkest period of the recent past. Better business brings joy to all. For it means a greater distribution of money to everybody—it affects all classes of labor and production of every kind. When everybody spends there is prosperity—when everybody holds onto every cent they possibly can business suffers and so does labor of all kinds.

So let's do our part and make as many hearts happy at Christmas time as we can. Isn't it a great feeling to know that you can make folks happy by remembering them at this joyful season?

According to the Hemet News, the people of the United States were not overly shocked at President Roosevelt's recent statement that our public debt might reach 31 billion dollars by 1935. That's only a mere $250 per capita, continues the News, whereas France owes nearly $500 per capita—and Great Britain nearly $900. "Owing $250 apiece to ourselves can be taken care of without serious worry in this great and rich country," concludes Mr. King in his paper. What a different attitude the Democratic Hemet News takes toward the present Democratic administration than it did toward the Republican administration preceding it. Since when did we get to owing that $250 to ourselves? If that were true we would have nothing to worry about. The trouble is that it is owed to a comparatively few who were able to loan that amount to the rest of us. Then again—there are many who will never be able to pay any part of that $250 they owe; so it's going to be up to the rest of us to dig it up for them—along with our own. That per capita business sounds great—that's the proportion in which we owe it; but it won't be paid per capita.

New Deal Analogies

San Marino Tribune: We have a big Persian cat at home who, when not too well fed, is a capable hunter and provides largely his own menu; on the contrary, when his wants are provided for bountifully, then he lies under the apricot tree, intent upon nothing but donothingness.

So with a lot of people for whom the government makes provision—too many are getting so inured to getting something for nothing that they lose all motivation to effort, becoming parasites instead.

Heretofore, we have emerged from every depression by our own efforts without resort to artificial remedies, which are certain to be weakening to our moral fiber.

Not only the cats, but the birds, have to rustle for food, otherwise they are spoiled.

Someone has said: "God feeds the birds, but He does not pitch the worm into the nest. The bird even has to hustle."

Is the New Deal going to make future generations a race of setters, waiting for a handout? ing war or other emergency; in ordinary times they look about for some way of beating the scheme, and usually succeed. That they were succeeding in Russia is well known. Probably as much goods changes hands in the under-cover markets of Russia as in the regular ones.

Rationing, however, made it advantageous to belong to the Communist party. With rationing over, the party may lose adherents.

Merriam Says He Has Plans

La Habra Star: Plans for financing state relief and to take care of other heavy problems are to be forthcoming soon from the executive chair, Governor Merriam says. They will be listened to eagerly by those citizens and taxpayers who are wondering how the enormous deficit and the extraordinary expenses are to be met. The idea of a state property tax is not viewed with pleasure by those who have property. The idea of using up the new state bond issue of $24,000,000 in the same manner as the other millions in relief funds have been spent is equally disturbing. The situation calls for something different and drastic.

The governor has made a small start in the right direction. He has already let drop some appointive offices. There are other departments financed by the state which might be considerably curtailed, and will have to be, even though the toes of special interests are tramped upon.

Those who hold the jobs, or hope to hold them, will not look with pleasure upon the prospect of less pie, but in many cases these are people who are interested in their own personal welfare ahead of that of the state. Let us hope that Governor Merriam can rise above these considerations and offer a program which really will get somewhere in cutting down the waste in state government, and in putting relief work on a sounder basis.

Russia Ends Rationing

Los Angeles Times: The Communist party in Russia decreed an end to the rationing of foodstuffs, and to the difference in price between bread in the private and in the government shops. It is officially explained that this is done because there is now plenty of grain; actually it probably was given up because the rationing system was found unworkable.

With each such move, Russia moves farther and farther from anything resembling real Communism. The Stalin government abolished equality of pay and instituted a regular wage system several years ago. "From each according to his ability, to each according to his need" may be a beautiful idea, but it does not fit human nature. Some men may work without considering the reward; the majority will not put forth their best efforts except from a somewhat selfish motive.

The rationing plan was another thing which worked out well only on paper. People will submit to rationing for a time, durtions and hardships cheerfully endured. And all because there is enthusiasm or affection, idealism or devotion, patriotism or consecration in the toil or hardship.

When Duty Is Pleasure

CHRISTMAS SING SUCCESSFUL EVENT

Many Join in Songs and Donations Given in Second Annual Celebration

Singing of Christmas carols by many people provided an impressive Yuletide program at Second avenue and Ninth street Tuesday evening. Individuals united at one of the four intersections a block distant from the main intersection. They marched to the central group, singing old-time Christmas songs.

With the throng united in the center about the platform Song Director Bert Hendy, dressed as Santa Claus, led in a community sing. The children, gathered in the center, united in "Silent Night."

Many persons brought gifts of food and clothing, these being placed on a large truck for distribution to the local needy by the Junior Welfare League.

Due to the interest shown by the public in singing the carols and due to the response in Christmas gifts, the second annual event was looked upon as highly successful. Mr. Hendy devoted much time to the event as did also J. H. Siegrist, general chairman; Ernest Tweed Stone, chairman of the business men's division of the Upland chamber of commerce, and Avery S. Allen, chamber secretary.

Almost every church organization and civic group was represented with the Brethren in Christ church and Beulah college having a large delegation.

Housing Exhibit at Library Gives Ideas on Designs, Colors

By Sam Maxey

Have you noticed the better housing exhibit in the Upland library yet? The next time you drop in at the library to do some reading, use the opportunity to inspect this interesting display which may be found at the left of the lobby as you enter.

In addition to the unusually complete collection of books on home building, design, decorating and gardening you will be especially attracted by the beautiful scrap books which have been compiled in recent years by the library staff under the supervision of Mrs. F. H. Manker.

As Mrs. Manker has made home design and decoration her favorite hobby for a number of years, you will find that these scrap books contain all of the more colorful illustrations which have appeared in magazines dealing with these subjects in recent times. These extraordinary books have been bound and are now ready for circulation.

Not only do these collections cover every phase of home making in the average house, but they include harmonious cuts of features not generally found such as sun porches, stairways, fireplaces and ornamental gardens.

Housewives who plan to join in the Better Housing movement by making a few minor rejairs and alterations will find many timely hints in thsee scrap books, showing them how only a few changes and additions may greatly improve the comfort and harmonious effect of their homes.

Miss Thelma Lindsey Becomes Bride in St. Louis, Mo.

Formal announcement of a marriage in which scores of Upland friends of the bride are much interested has just been made by Mrs. Lillian E. Lindsey, 948 Fifth avenue, whose daughter, Miss Lillian Thelma Linsley, became the bride of Ray Brooks Harris of Ponca City, Okla., on Sunday, Dec. 9.

The wedding occurred in a Methodist church in St. Louis, Mo., being a quiet affair with only a few intimate friends attending.

Miss Lindsey has lived in Upland for seven years and attended the Upland schools, later graduating from Chaffey high school. She has been an active member of the Methodist church and popular in the younger social circles.

Mr. Harris visited his fiancee here last October and at that time plans were made for the wedding to occur late next year. However, Miss Lindsey recently completed a course in beauty culture in Ontario and was offered a position by an intimate family friend in St. Louis, leaving for the eastern city on Nov. 8.

Missouri is not a great way from Oklahoma and Mr. Harris lost no time in persuading his prospective bride to change the wedding date.

Mr. and Mrs. Harris are now at home at 118 Walnut street, Ponca City, where Mr. Harris is agent for the Santa Fe railway.

Mrs. Humble Surprised With Merry Party on Birthday

A merry birthday party, as surprising as it was delightful for the honoree, was held on a recent evening when a group of Upland and Pomona friends gathered at the home of Mr. and Mrs. H. G. Humble, 298 Sixth avenue, to aid in the celebration of Mrs. Humble's birthday anniversary.

Plans for the party were made by Mr. Humble with the assistance of their friends and all preparations were made without Mrs. Humble even suspecting.

The guests arrived in a group and after congratulations and happy birthday wishes had been extended to Mrs. Humble, she was showered with a collection of lovely towels and handkerchiefs.

Pinocle was played during the evening with score prizes going to Mr. and Mrs. Earl E. Head and Fred Holtz winning the traveling prize.

At the conclusion of the games birthday refreshments were enjoyed.

Attending the party, besides Mr. and Mrs. Humble, were Mr. and Mrs. E. J. Head and Mr. and Mrs. John G. Jacobs of Upland; Mr. and Mrs. Fred Holtz, of Claremont; Mr. and Mrs. Victor Testa, Mr. and Mrs. Charles Shoneman, Mr. and Mrs. Paul Wurl and Mr. and Mrs. James G. Ferrell, all of Pomona.

Los Serranos Chapter Enjoys Christmas Program, Tea

Among the delightful social events of the holiday season was the Christmas meeting of Los Serranos chapter, Daughters of the American Revolution, held Wednesday afternoon at the home of Mrs. Guy Underwood, 825 North Euclid avenue, Ontario, Mrs. Clark W. Roloff and Miss Tessie Bennett being the assisting hostesses.

The home was beautifully decorated with smilax and holly and the tea table was a work of art, being covered with a lovely Italian lace cloth and centered with a miniature Santa Claus in a sleigh, driving his reindeer over the snow with gay red ribbon reins. Silver candlesticks held tall red Christmas candles.

Following the brief business meeting, the program opened with Christmas greetings from the president general, Mrs. Russell William Magna of Washington, D. C., in the form of two original poems, being read by Mrs. J. L. Short and Mrs. J. I. Countryman.

The Christmas program included a reading, "Home Again," by Ernest Farmer; a piano duet, "Christmas Carols," by Ernest and Eleanor Farmer; a solo, "Star of Hope," by Miss Isabelle Nelson, who also sang "In a Luxemburg Garden"; a reading, "Christmas Morning," and a song, "Silent Night," by Eleanor Farmer, and two songs, "Cantique de Noel" (Adams) and "O Heart of Mine" (Riley), by Miss Ethel Leeke. Mrs. Fannie Gay was the piano accompanist for the soloists.

The closing numbers of the program were beautifully presented by the Girl Scout troop from the Church of Christ orphan home, the girls being accompanied by their leader, Miss Laura E. Stroud. An old English carol and a part of Dickens' Christmas carols were sung and cleverly pantomimed by the girls, who also sang three other Christmas carols.

In the group of Scouts were the Misses Geneva and Georgia Shriver, twin sisters; Blanch Foster, Katherine Ainsworth, Lucy McCabe and Clara Kinpcher.

The meeting closed with a delightful tea hour, Miss Bennett and Mrs. F. H. Wallihan presiding at the table and serving coffee and delectable frosted confections.

Mrs. Jennie Brown, Well Known Upland Resident, Summoned

Mrs. Jennie Hutchinson Brown, mother of Mrs. Elmer Mathews and a resident of Upland for many years, passed away Wednesday at a Rosemead sanitarium where she had been for the past two years. Her death was due to an attack of pneumonia.

Mrs. Brown, who was 76 years old, was a native of Illinois and came to Upland from Clinton, Ill., 24 years ago. She was a member of the Upland Methodist church and of Upland chapter, Order of the Eastern Star, being a charter member of that group and active in the order until the time of her illness a few years ago.

Mrs. Brown is survived by her daughter, Mrs. Mathews; a grandson, Boyd Mathews, and a granddaughter Miss Ruth Mathews.

Funeral service was held at 3 o'clock this afternoon in the Stone funeral chapel. The officiating minister was Dr. Irwin A. Engle, pastor of the Methodist church, assisted by Dr. R. C. Christmas Program Enjoyed by Pupils

Annual Christmas celebration was held Wednesday afternoon by the pupils of the Eighteenth street school, the program being arranged by the teachers, Miss Florence Armstrong and Miss Isabelle Walker.

Miss Uarda Hill, member of the Upland library staff, read a Christmas story as the first number on the program.

The story of the nativity as told in Luke was read by Shirley Mason, with the parts of the principal characters in the story being enacted by pupils, accompanied by the singing of Christmas carols.

A reading, "Santa Claus Is Coming," was given by Billy Rugg, followed by the song, "Santa Claus Is Coming to Town," sung by all of the pupils.

The stage curtains were then drawn, revealing a beautiful Christmas tree and a jolly Santa Claus. Each parent received a gift made by the pupils and each child was presented with a gift and a box of candy as a special treat from the Parent-Teacher association.

The party was largely attended and was enjoyed by the adults as well as the children.

PROPERTY IS TAXED AT THIRD OF VALUE

Assessment Is Much Less Than Actual Value of Land in County

Property in San Bernardino county is taxed at 31.18 per cent of its true value, according to findings announced by the State Board of Equalization. The average ratio of assessed to true value for the entire state is fixed at 46.66 per cent.

Ratios have been computed for each of the 58 counties under a law limiting the amount of special assessments to be levied for public improvements. Subject to certain exceptions, this act limits these charges to one-half the true value of the property within the assessment district.

Findings of the Board are based upon assessed valuations made by county assessors as of the first Monday of March of this year. A wide range of assessment ratios is disclosed. Modoc county has the minimum at 26.24 per cent, while the maximum is found in Mono county at 58.69 per cent.

In Los Angeles county, which contains the greatest amount of taxable property in any one county in the state, the ratio is 50.20 per cent. Comparisons made by the board show that nearly 65 per cent of all taxable property in the state is assessed at a ratio to true value within 3 per cent of that found for Los Angeles county.

The total assessed value of property in San Bernardino county is $67,711,243, while the true total value is shown to be $217,158,441.

NAVELS LARGER IN SIZE THAN AVERAGE

Shipments During Year Are Reviewed—Valencias and Grapefruit Studied

Navel oranges shipped from this district during the year were larger than the general average size of oranges from Southern California. Average number of local oranges in a box from here was 180.5, as compared with 189.2 oranges, the southland average.

This comparison is included in the annual report of Harry B. Harlow, manager of the Ontario-Cucamonga office of the California Fruit Growers exchange. Navel shipments from the district totaled 1,340½ cars. Average per box return to the exchange was $1.77. The packed fruit shipments graded 83.4 per cent Sunkist; 13.9 per cent choice, and 2.7 per cent standards.

Shipments of Valencia oranges totaled 298 cars, for which an average of $2.91 a box was received. In addition to this year's crop, the Exchange shipped 35 cars of the 1932-33 crop during November, 1933. The total handled during the season then was 333 cars with the combined average per box return being $2.73.

Due to the fact that the Valencia crop here was very light, the local citrus associations pooled their activities. By so doing the group was able to act collectively and bargain for consideration which was granted.

Speaking of this cooperation, Mr. Harlow said: "I am sure that the result of this truly cooperative move on the part of the houses in this district was well worth the effort and our growers received more net money than could possibly have been returned to them by individual action."

Sizes of the local Valencias were generally good with a tendency to be, if anything, a trifle too large.

Shipments of grapefruit totaled 94½ cars, on which the Exchange received an average of $2.47 a box. Summer grapefruit met with a ready demand, with Florida being out of the picture about the middle of June. The result was that June, July, August and September shipments of this variety were California months, and with the opportunity for wide distribution prices realized were satisfactory.

Worth-While Books in Public Library

"THE NEW DEMOCRACY"
By Harold L. Ickes

Reviewed by Ruth N. West

As a defender of the Roosevelt regime and as a fearless writer as well, Harold L. Ickes, secretary of the interior, has added a valuable volume to the New Deal library with his book "The New Democracy." "America's problems are peculiarly her own," he states in his foreward. "Neither Karl Marx, nor Adam Smith, nor Lenin, nor Hitler, nor Mussolini can be accepted as our guide. We cannot prescribe to precepts which, because they may have been found to be applicable to a different set of conditions, are therefore to be accepted as valid for us. . . . No solution of our perplexities will be a wise or lasting solution unless it is American in its concept and application."

He points out that President Roosevelt has not been content to stand by and hope for the best. He has been a bold and resourceful leader. He has not feared to experiment where no applicable precedent was to be found. In this respect, if in no other, he has stood out in sharp and vivid contrast to those timid leaders who preceded him and who now criticize him for vigorous action. . . He is no more afraid of trying new methods than of changing his plans if he finds that they do not work. He has modernized statecraft.

As for "liberty," Mr. Ickes thinks that the founders of the Republic, being wise and educated men, knew what some of the contemporary self-appointed defenders do not know: that liberty is a broad term which means one thing in one type of civilization and another in a different type of civilization. Mr. Ickes thinks that today "liberty" means to the average citizen of the United States "the right of every man who is willing to work to have a job at wages adequate to support in decency and comfort his family, to educate his children, and to give him a modest surplus besides for legitimate pleasures and recreation."

Among other points brought out by Secretary Ickes are the outlines for the broad-scale program now being projected, the right of the Administration to regulate business, industry and finance in order to obtain "the greatest good for the greatest number," and the accounting for the costs of the New Deal in terms of the cost of the depression. A truly worthwhile book for the citizen who desires to be well informed.

Sponsored jointly by the Ladies Guild and the Woman's Missionary societies of the Cucamonga Community church, the silver tea held Wednesday at the home of Mrs. Ben H. Miller on Archibald avenue, was a delightful social event as well as a financial success.

Christmas decorations prevailed throughout the home and the tea table centered with a lovely tree sparkling with silver trimmings, was especially attractive.

Attend Night School

A number of residents of Cucamonga and Alta Loma are attending the adult night school being held at Chaffey under the direction of Dr. Berry. There are now more than 600 persons enrolled in the various classes, studying typing, shorthand, music, gymnasium work, etc., and Dr. Berry is assisted by seven Chaffey teachers and about 12 unemployed teachers supplied by SERA.

Several of the classes presented a program at Chaffey Monday night and among local persons taking part were Harry Wright, John Belcher, Lyle Williamson and Mr. and Mrs. Robert Hall, all of whom played in the steel string orchestra.

Aged Chinaman Dies

Chin Gawk, an aged Chinese resident of Cucamonga, was found dead in his bed Monday night by one of his fellow countrymen, who investigated when he failed to see his friend about his home on San Bernardino road.

For the past 50 years, Chin Gawk, who was about 82 years old, had lived in the Cucamonga district and was one of three Chinamen left of the once flourishing Chinatown founded here in the early days.

E. P. Doyle, deputy coroner, came over from San Bernardino to investigate the death of the aged man, who has been in feeble health for a number of years, but an inquest was not considered necessary. Funeral arrangements are being made by the Stone funeral home.

Mr. and Mrs. John H. Rupp of Alta Loma had as their dinner guests Wednesday evening Mr. Rupp's brother, D. O. Rupp, of Moundridge, Kan.; their sister, Mrs. R. C. Williams of Upland, and Mr. and Mrs. W. H. Rupp and daughter, Miss Marybell Rupp, of Cucamonga. The family gathering was in honor of D. O. Rupp, who left Thursday for his home.

Misses Maddalyn Traviss and Hazel Bever gave a Christmas party at the school house Tuesday evening for the Mexican pupils and their parents, serving refreshments of coffee, cocoa and cookies.

Mrs. Wm. McClean, custodian of the Etiwanda branch of the county library, received a large consignment of new books Wednesday.

Miss Ellen Roe, student at Santa Barbara State Teachers college, is at home for the holiday season and with her parents, Mr. and Mrs. F. F. Roe, and brother Donald motored to Palm Springs and Cathedral City, calling at the latter place on Misses Ethel Bilyeu and Annie Mae Layton, who are spending the winter there.

Mrs. Flora Bever of Ontario was a luncheon guest of Mr. and Mrs. A. A. Werner Wednesday and attended the school entertainment in the afternoon. Miss Eunice Mitchell of Upland, a former teacher here, also attended the entertainment.

Miss Katherine Poyntz of Santa Barbara came last evening for a visit with her uncle and aunt, Mr. and Mrs. Wm. McClean, at whose home she lived while attending school at Chaffey a number of years ago. Mrs. Mervyn Fowlks of Redlands spent last night at the McClean home.

A subscription list for contributions to defray expenses at the community Christmas entertainment Monday evening is posted in Frost Bros. store by the subscription list committee of the P.-T. A. and contributions will be gratefully received.

A very clever Christmas operetta, "A Joke on Santa Claus," written and directed by Miss Ashbrook, with piano accompaniment by Miss Dorothy McMahon, the cast composed of pupils in the several grades in the school, was given Wednesday afternoon before closing for the vacation period.

Sunday school and church will combine for their annual Christmas program and white gifts donations at the church, beginning at 10:30 a. m. Sunday.

Those wishing tickets entitling them to reserved seats in the grand stand at the parade at the Taurnament of Roses or to the football game in the Rose bowl at Pasadena New Year's day may secure them from Herbert Hall, local P. E. agent, as that company has made arrangements whereby they can furnish that accommodation.

Christmas Programs in Churches Planned

(Continued from Page One)

German language, and the Rev. D. B. Hess in English.

Brethren in Christ

In addition to the Christmas sermon Sunday morning at the Brethren in Christ church, the Sunday school, assisted by singers from Beulah college, will present a program at 7:30 Monday evening. There will be Christmas music, readings, etc., and gifts will be distributed to the children.

Presbyterian Church

Another early Christmas celebration to be held tonight at 7 o'clock will be that of the Presbyterian Sunday school. There will be a Christmas tree, a jolly Santa Claus with treats for the children, and a fine program.

On Sunday the Christmas observance will take the form of a beautiful vesper service at which the choir will sing many Christmas songs accompanied by inspiring organ numbers.

Bethany Union

Following the usual Sunday school session at 2:45 p. m., at Bethany Union church, the Christmas program will be held, beginning at 4 o'clock. There will be a Christmas tree with a contribution of white gifts and the children and young people will present a program of various selections.

Congregational Church

Bethel Congregational choir and St. James choir of Pasadena will present the cantata, "Bethlehem," on Sunday evening at 7:45, in Bethel Congregational church. A prelude of Christmas carols by Josephine Maurer and a candlelighted processional by the combined choirs will precede the cantata.

Part 1 of the cantata portrays a beautiful starlit night on the plains of Bethlehem, while part 2 is "An old well in the desert," and part 3 "Before the Inn at Bethlehem."

Solo and chorus numbers will combine to make this presentation one of brilliance and inspiration.

Mrs. Eunice Williams is director of Bethel choir; Raymond Hill directs the St. James choir. Raymond Hill also will preside at the organ console and Esther Christopher will be at the piano.

A special feature of the program will be the chorus singing of the antiphonal choir directed by Mrs. Williams.

First Christian Church

There will be no Sunday school at the usual morning hour, but a pageant, "Christmas Morning Today," will be shared by the members of school and church at 10:30, together with their Christmas observance of the Lord's Supper.

The pageant will be given under the direction of Miss Ina Henry, education director, assisted by Miss Juanita Richardson, the chorus choir of the church, groups of singing children and a cast of special characters. The minister will give a brief meditation on the text, "Call His Name Jesus."

An impressive dramatization of Dudley Buck's Christmas oratorio, "The Coming of the King," will be given at the vesper hour of 5 o'clock.

The production, including a large cast of young people and the church choir, will be under the direction of Bill Henry, assisted by Miss Marjorie Ferguson, Bill Paulin, Mrs. Anna Bernard Jones, Mrs. Shirley R. Shaw and Charles Ross.
